Moving Ahead Together

The recent earthquake alongside continuing aftershocks has greatly affected Kathmandu valley and other districts. Thousands of lives and homes were lost even as many world heritage sites were ruined. Education came to a standstill. No one remained unaffected. Its memory still worries us as we try to cope as best as we can.

Today, at a crossroads, the Nepalese society seems determined to overcome this national loss and move on . . . The country is flooded with messages of hope, contributions in cash or kind, and collaboration among all the stakeholders and the world community so as to lighten the ongoing suffering. With hope, Nepal gears up for a restart!

Trinity, an institution devoted to the nation, promptly contributed to the Prime Minister’s Relief Fund. It sent college buses from Kathmandu to places outside after the quake. The Trinity Family – students, teachers, and staff members – has helped in relief and rehabilitation operations countrywide. Trinity social service club volunteers distributed food and water locally while the College has provided shelter on its premises.

As many know, Trinity is a leading academic institution in Nepal for higher education, +2, A Levels, and undergraduate courses. A common mission with total commitment to excellence unifies its faculty, staff, students, and parents or guardians. The noble values nourished by the College have a life-changing impact on its students. Trinity vows to do its best towards providing qualitative education and building up the confidence of students despite all the difficulties.

You, dear students, have a clear responsibility now. At this point, you’d surely agree, your supreme responsibility is to study hard. Believe in yourself and be positive. So, let’s move forward with optimism in our hearts and minds . . .

We believe ours is the right academic environment where you would be able to unite to work together for a wonderful shared future.

Trinity Traditions

Pivotal to our legacy of excellence are key annual college events that unite the Trinity Family and give the College an incomparable touch. This is the extra edge that sustains our students wherever they study or work. This is why those who join us soon realize why being at Trinity is so different and so effective. College events orient our students towards meeting expectations and develop personalities that are distinctly Trinity-based, engaging, and positive.

Orientation Programmes  
*Trinity Orientation Programmes are conducted before the commencement of each academic session for Grade XI, AS Level & First Year students of undergraduate programs (BSc CSIT, BBS & BA). These are initiation programmes that familiarize students with their peers, faculty & staff members of the College. During these key events held course-wise, students become familiar with the approach of the College towards their education, what it would deliver towards that end, and an outline of what’s expected. Their primary purpose is to help new students understand the nature of the College, the educational opportunities available to them, institutional teaching-learning styles, the values and functions of the College community, and the central objective of the academic endeavour. During the orientation program, students are informed about all services and facilities including clubs and societies offered by the College as well as their students rights and responsibilities. Essentially, the programmes initiate new students into the academic, cultural, and social ethos of Trinity and develop a sense of belonging to the Trinity family.*

Welcome Programme  
*Welcome programmes at Trinity are organized by senior students for their newly-inducted juniors. Senior students candidly exchange their experience at the College and exhibit their talent in diverse ways such as speeches, songs, instrumental music, dance, drama, and even humorous caricature. This enables the newcomers to feel even more at home in the still-new College for them and thereby become an integral part of the student community. These programmes are an extremely refreshing experience for all concerned – students, teachers, staff members – due to the enjoyable recreational activities and memorable hospitality offered by the College at select venues. Such programmes greatly unify the Trinity Family giving it a cherished distinctiveness!*

Career Counseling Symposium  
*Organized by the Counseling department, this programme is meant for both current students and Trinity alumni. USEF, Campus France, British Council representatives and Medicine, SciTech, Engineering, Management professionals tell students about further studies' and future careers' prospects in Nepal and abroad. Counseling related to this Symposium covers further studies options, institutional search, scholarships or grants, and career exploration. Our Symposium helps individual students figure out who they are and what they want out of their education, career, and life. Having a career choice in mind steers a student’s search for the right college majors, which, in turn, guides the choice of the right college. It’s been seen that career-focused students are confident, motivated to persist, and earn their degrees on time. All in all, Trinity’s Counseling Symposium is a serious effort to provide valuable opportunities to this Symposium covers further studies options, institutional search, scholarships or grants, and career exploration. Our Symposium helps individual students figure out who they are and what they want out of their education, career, and life. Having a career choice in mind steers a student’s search for the right college majors, which, in turn, guides the choice of the right college. It’s been seen that career-focused students are confident, motivated to persist, and earn their degrees on time. All in all, Trinity’s Counseling Symposium is a serious effort to provide valuable opportunities.*

Graduation Programme  
*An annual celebration, the Graduation Ceremony is open to all students graduating during the academic year. This occasion is a solemn yet warm farewell. Important aspects of the programme are keynote addresses by eminent academicians that highlight immediate educational, career, and life prospects for Trinity graduates. Further, valedictory speeches bind all those present to the unforgettable Trinity experience. Graduates, families, and friends are cordially invited and invariably appreciate all the thoughtfulness that goes into organizing and conducting this grand event at a life-changing juncture in the graduates’ lives. The College awards outstanding achievers like overall and subject toppers among boys and girls during the Ceremony followed by a get-together and informal exchanges.*

Academic Excellence Awards  
*Committed to academic excellence and all-round personal development, Trinity has a range of suitable awards. In particular, the College honours its student achievers in order to motivate students generally to perform as well as they can and to stimulate the overall academic milieu. Consequently, the College always identifies and suitably awards its overall and subject toppers. Grade XI & XII students who do well in the HSEB +2 Examinations are given Academic Excellence Awards in rousing functions. Similarly, we hold biannual functions for awarding the academic achievement of A Level students in the CIE through Academic Excellence Awards. The Roll of Honour, updated annually, is where the names of the top achievers are proudly and prominently displayed.*
Science & Technology
Exploring Science

Trinity encourages its students explore science & technology. We appreciate invention & discovery. The College offers many opportunities for taking part in scitech festivals, expos, and exhibitions outside the campus throughout the year. Participating Trinitians, individuals or teams, often win prestigious prizes and earn top commendation. We also organize Scitech events inside our campus. Trinity’s Inter-College Scitech Exhibition-cum-Competitions, in particular, have been greatly influencing students generally, especially those interested in applied science. Energy, environmental protection, innovative technology, public health, or transport & communication are our popular themes. Budding young scientists from reputed colleges of Kathmandu contribute original items and the best exhibits win prizes. In addition, these fairs prove to be fine learning and motivating experiences for the participants, other students, and visitors at large. Our events also disseminate the basics of science and motivate scientific inquiry drawing large numbers of visitors.

Activities
- 11th National Technological Festival LOCUS – IOE Pulchowk Campus June 20-22, 2014
- National Robotics Championship & Workshop – Asian Institute of Technology & Management, Kharalbari July 25-26, 2014
- Inter-College Science Fiesta – Badhanilakantha School November 22, 2014
- Nepal Science Olympiad – Amrit Science Campus, Lainchaur December 20, 2014
- 4th Trinity Inter-College Scitech Exhibition-cum-Competition January 30, 2015
- 7th Inter-College Scitech Exhibition-cum-Competition January 30, 2015
- 5th Southwestern Science Exhibition February 5-6, 2015
- 20th SET Exhibition February 7, 2015
- 12th National Technological Festival, LOCUS – IOE Pulchowk Campus February 20-22, 2015
- 4th +2 Mechanical Design Competition – IOE Pulchowk Campus February 20-22, 2015

Management
Understanding Management

The College believes in developing its students’ managerial willpower and competence alongside entrepreneurial and leadership skills. We value learning by doing. Trinity’s management activities reflect its inter-disciplinary approach blending management and scitech to cope with rapid technological change. We give ample field exposure and relevant interaction to perfect skills and develop insight. Trinitians benefit from their work-studies during hotel management tours. We also promote field visits and encourage students to take part in competitions enabling them to master management in practice. By all accounts, Trinity Intra-College Management Expos are distinctive events. The explicit purpose of these Expos is to enable students to transform managerial thinking into actual projects. Invariably, Trinity students confidently exhibit well-made, relevant projects and do all the explaining of the models constructed in a most fluent and persuasive manner. Popular themes include banking, cooperatives, finance, and development.

Activities
- Hotel Management Visit – Space Mountain Hotel, Nagarkot – Grade XI December 12, 2014
- 4th Trinity Intra-College Management Expo January 30, 2015
- Excursion & Rock Climbing – Nagarkot – Travel & Tourism Practical February 13, 2015
- Hotel Visit – Fulbari Resort & Hotel Taj, Pokhara – Grade XII HM February 26-27, 2015
Fostering Creativity

Our literary events nurture the literary skills of students. Trinity’s literary occasions comprise writing in English and Nepali. The 7th Annual Intra-College Essay Writing Competition was held September 10, 2014. Well-written essays with dynamic ideas and convincing arguments delighted the readership and judges. Trinity’s fourth Inter-College Poetry Competition, a most pleasurable verse-feast, was held on December 5, 2014. Also Trinity’s seventh Intra-College Poetry Competition was held earlier the same day. The forceful recitation of the young poets was enthusiastically applauded by the audience and also appreciated by literary and poetic celebrities like Madan Mani Dixit, Gyanubakar Paudel and Gyanu Pandey. Further, Trinity held its Annual Intra-College Short Story Writing Competition on November 14, 2014. Well-written, original short stories delighted the readership.

Displaying Art

Trinity upholds that the arts lead to aesthetic and creative growth. Our art & craft shows boost students’ imagination. Important to all the participants, the College, the Trinity Family, and visitors were our well-displayed art & craft shows. The 7th Annual Intra-college Art & Craft Competition was held on January 17, 2015. The gallery contained more than 300 exhibits including paintings, photographs, pottery, sketches, and sculpture. An On-the-Spot Art Competition was held on December 13, 2014 to promote the artistic abilities of outstanding young Trinity artists.

Trinity Publications

Informing Everyone

Trinity publications capture the essence of what this college is all about. Apart from informing readers that the College is a place that provides the best education for current or prospective students, they feature interesting and useful articles mostly written, edited, and published by our students. Our annual newsletter Trinity News reports the participation, performance, and placements of all Trinity students. We publish other newsletters such as SciTech & Mgmt Review. There’s also the instructive Trinity Counseling Newsletter and the Handbook. The magazine Infinity is an excellent channel for student self-expression. We also have student wall mags like Enlightenment, The Rising Stars, and Trinitians.
Society
Serving Others

Social service is a strong element of Trinity life. We hold that community work and charity cultivates empathy, concern, and large-heartedness. These qualities are essential for socially committed citizens. Clubs like Social Service Society and Youth Red Cross Circle do social work like donating blood, setting up libraries at schools in remote areas, sending study materials to needy students, helping impoverished slum-dwellers or the ailing, and conducting sanitation programs. The College Clubs also organize awareness programs related to traffic safety and public health. Significantly, we have a solid tradition of supporting natural disaster victims. The Trinity Family continues to do its best for those affected in the recent earthquake. We have donated over 1 million rupees to the PM’s Relief Fund, loaned our transport, and have been taking part in relief and rehabilitation efforts nationally. Welfare activities alongside top-notch academics define our institutional outlook.

Activities
- Volunteering – Teej 2071 – Pasupatinath Area August 28, 2014
- Blood Donation Programme December 21, 2014
- Bagmati Sati Mahabhiyan – 100th Week April 22, 2015
- Free Transportation Service to Narayangadh – Post-Earthquake April 29 and 30, 2015
- Gorkha Earthquake 2072 – Relief Package Distribution – BA/BBS/ BSc CMT students – Affected areas April/May 2015

Games & Sports
Becoming Fit

Trinity values physical and mental fitness as a prerequisite to life success. Correspondingly, it encourages a wide variety of games, sports, and extracurricular activities. Basketball, cricket, futsal, table tennis, and chess provide our students a wonderfully healthy way to remain fit and alert. These activities kindle healthy sportsmanship and build personal profiles. They also produce a vibrant campus community. ECAs prove vital when it comes to making students fit in body, mind, and spirit to take on the challenges, and stress, of modern, competitive education. It’s no wonder that Trinitians have excelled at local, national, and international levels – even the London Olympics, 2012!

Activities
- 2nd South Asian Roll Ball Championship – Bangladesh September 11-13, 2014
- 12th Prime Cup Inter-College Basketball Tournament December 5, 2014
- 3rd KISC Friendship Cup December 6, 2014
- 2nd Rugby’s International A Levels 3X3 Basketball Tournament December 7-13, 2014
- Nationwide Inter-College Table Tennis Championship December 17-21, 2014
- Intra-College Basketball Tournament January 11-13, 2015
- Intra-College Table Tennis February 5-7, 2015
- Intra-A Level Futsal Competition February 11-12, 2015
- Bachelor’s Table Tennis Competition February 27-28, 2015
The Trinity Advantage

Realising Your Goals

Doing well in college is all about gaining a competitive edge. Apart from providing deep and wide syllabus-informed curricular inputs, we encourage our students to get involved in an assortment of delightful and valuable activities. All this leads to enriching exposure and extensive awareness. And this is what makes Trinity so different from others, and perhaps, so much better! The College goes out of its way to help each student realize his or her educational, career, or personal goals. It’s little wonder that Trinitians mature into complete individuals with well-rounded personalities who have every chance of securing bright futures.

The Trinity Advantage

Foreign Visitors

Getting Exposure

Intellectually, Trinity is a welcoming place! It’s an institution run by caring educators who wish their students to learn from interaction with other minds that are finely developed and beneficially different. Over every academic session, we host visitors – professors, lecturers, experts, educationists, administrators, celebrities, artists – from the USA, UK, Japan, Australia, Malta, and many other countries that attract Nepalese students for higher studies and work opportunities thereafter. We also invite foreign students or Trinity alumni on a regular basis to interact with and advise our students. All this creates an academically sound and profitable environment enriching each student’s experience at the College.

Activities

- British Council A Level Expo & Seminar June 3-4, 2014
- Opportunity Funding Programme 2014 – USEF Nepal – Trinitian
- Aadwina Basnet selected June 14, 2014
- Inter-College +2 Quiz Competition June 18-19, 2014
- Talk Programme 2014 – Neo Spiritual Awakening September 65, 2014
- 4th Intra-College Election Competition September 7, 2014
- 7th Intra-Quiz Contest November 7, 2014
- Intra-A Level Debate Competition November 21, 2014
- Inter-College Speech Competition – Human Rights – December 7, 2014
- All Kathmandu Debating Championship – January 3-17, 2014

Scholarships
Creating Value

Trinity believes in providing excellent educational opportunities to the deserving. Towards this noble end, the College has given scholarships to hundreds of outstanding students from various parts of Nepal. Many of these scholarships have also been given to brilliant students who may otherwise be socially, geographically, or physically disadvantaged or in financial hardship. Trinity scholarships are provided on the basis of SLC (or equivalent-level) results, Trinity Entrance Tests, results of Term and Board examinations, or outstanding achievements in ECAs including Sports. Our scholarships diversely impact and change the very future of the winners whatever their background. The awarded students nearly always obtain very high marks including positions in Board or University exams. Such awardees, more often than not, get admission to study courses of their choice and, alongside, win national or international scholarships in renowned institutions eventually furthering their careers.

Below are a few examples of students awarded scholarships by Trinity who did excellently in +2 or A Levels and got admitted in reputed institutions:

An Emblem of Excellence

My IOM MBBS scholarship was largely due to Trinity . . . Its unique teaching methodology incorporates student-teacher interaction and emphasizes regular homework, assignments, examinations, evaluation, personal counseling & career guidance. Further, its well-equipped laboratories, computer labs, and library are the prime essence of quality education. My overall development was a gift of the College. Besides emphasizing studies, it let me involve myself in sports like swimming and football and even win a black belt in taekwondo. I could find time for watching movies occasionally! An emblem of excellence, Trinity is the best college for starting successful careers.

Prashant Bhetwal, +2 Science
IOM, Maharajgunj Campus

Join Trinity!

Although I got an HSEB scholarship and could get admission in any college, I chose Trinity. Now, I am fully satisfied with my decision. I whole-heartedly thank the College for its contribution to my further studies. In addition, it always provided me the right directions for my higher studies. Yes, of course Trinity’s synergy classes played a significant role in my success in the IOE Entrance Examinations. I advise all dedicated post-SLC students that Trinity is one the finest colleges where you are motivated to make every effort for a successful career.

Laxmi Poudel, +2 Science
IOE, Pulchowk Engineering College
Students' Views

A Very Good College
Trinity is very good academically. Its atmosphere supports reflection, self-study, intellectuality, and debate – necessary elements of a fine A Level institution. Of course, you can also make wonderful friends here! The College really fostered my interest in science and empowered me scholastically. It's where I got to learn much from my teachers who gladly answered questions as they taught or discussed our assignments.

Madhav Shrestha, Top in Nepal Chemistry & Mathematics (AS Level), Nov 2014 Outstanding Cambridge Learner Awards

Good Guardianship
It was the imposing and informative Seminar organized by Trinity at the Nepal Academy Hall that helped make up my mind to join this illustrious college. It was just the type of institution I was searching for. . . . More excitingly, my scholastic background and performance in the Trinity Entrance Exam got me admission with a scholarship. A key facility, the hostel has a family yet strict environment. Overall, a competitive and sound environment for studies defines the College campus. Trinity did prove to be a good guardian.

Arjun Sapkota
MOE Scholarship

Great for Sports!
Trinity is not only a superb college for studies but equally great for its sports and extracurricular activities! Really, I had an amazing time here. Invariably, I got more than I’d ever expected whether it be in studies or any other field.

The College taught me to be a warrior, who never stops struggling in life. It also taught me that I had the right to be happy. It also gave me practical wisdom such as making me aware of finding opportunities in difficulties . . .

Sumeet Shrestha
National Roll ball player, Grade XII Science

Want to Become A Doctor?
My brother had told me everything about Trinity so I decided to get admitted. At that moment, I didn’t realize what major role Trinity would play in my life. Indebted I am to Trinity for all that it has given me . . . The quality of education is definitely impressive. Particularly, the Saturday premedical classes are a plus point for aspiring medical students. Certainly, Trinity shaped my career. It advised me that the harder you work, the luckier you get! Hence, my MBBS scholarship.

Bindu Gyawali
MOE Scholarship

Realize Your Dreams
Everybody who joins Trinity gets fond of its learning environment and management system. The College vibrates with talent! Plus, Trinity scholarships are a driving force for accomplishment. Both Trinity’s +2 Science course content and entrance preparation classes for the Pulchowk Engineering Campus had a great role to play in my selection – personal commitment apart. It had always been my dream to bring my imagination to life and to serve mankind through a multi-disciplinary, functional, and aesthetic approach to Architecture. So, utilize your college life to realize your dream . . .

Sadar Bhandari
IOE, Pulchowk Engineering College

Discover Yourself Here
The College brought a significant change in my attitude and assisted me in identifying what I ought to do in my life. Despite my interest in science, I realized I should be a doctor and serve society. Clear mentally, my aim now is to become a surgeon. Its teachers always have something useful to say to inspire us and to focus on our aims. They are ideal lecturers and extraordinary mentors. Trinity’s ethos and perfect student group kept me committed to my studies. The institution also has ample facilities and resources for students’ requirements.

Abhishek Shrestha
MOE Scholarship

Good Peer Circles
Trinity is a place for learning and it is probably one of the best colleges at it. It has supporting teachers and good peer circles. I got much knowledge of the arts and literature was encouraged to do better in my interest, music. I liked their positive approach to discipline as I’ve had a strict upbringing but allowed to explore intellectually . . . My ambition in life is to be a successful entrepreneur: To make the most of what one has – time and skills.

Nirveek PPI Shah
A Level

Furterior Your Ambition
What I learned at Trinity was to believe in myself, to be focused, and to work hard. Also, I developed healthy habits – physical and mental. It organizes exciting activities and furthers many interests. The College largely fulfills the educational demands of the new generation. Moreover, it builds a strong academic foundation and provides solid qualifications. The institution satisfied my hunger for knowledge and fostered my ambition. What I learned here will assist me in understanding and handling the bigger picture of life.

Abhiyan Sapkota
3rd Position, Grade XII Science

Thanks Trinity!
Two years at Trinity has played a crucial role in shaping my future and for making me what I am today. Being a Trinitian, I can proudly say that the College is a wholesome package of expert and supportive faculty members and that it is a model institution in the central region. The well-equipped library and lab helped me to study well. The peaceful, cooperative, helpful, and inspirational environment aids a lot in developing our career pathways. The teachers’ notes during premedical prep classes helped me succeed in the entrance exam. Trinity deserves thanks!

Roshan Basnet

Great Results!
Achieving Excellence

Trinity has a culture of excellence... This is clearly evident in our outstanding +2 and A Level results. Because of the qualitative education we give, our students have been improving their performance at the national level over the years. These trends are in keeping with our objectives and efforts. All our batches deserve praise for their excellent academic results alongside other commendable personal or social achievements. The College is determined to do its utmost to better student achievement in the future. We strongly believe in the academic achievement of each student; we definitely deliver the best for the least anyone could ask!

Joining Trinity was the best decision of my life! Reminiscing, I feel privileged to have had such genuinely inspirational and talented teachers and educationists. I also got proper career counselling. This did help me a lot during my US college applications process. The brilliant classes offered at Trinity satiated my curiosity and gave me deep knowledge. Today, consequently, I feel as if I have successfully lived up to the expectations of my parents and teachers. Overall, the institution nurtured my abilities to take up challenges.

A Splendid Campus

Being a Trinitian is to get excellent educational opportunities in a splendid campus. The great opportunity I, as a dedicated student, got was a full scholarship! Management at the College is well-taught. Inputs like CA, CMAT, and SAT classes were very helpful for my further studies. I was assisted to choose correctly among career options and focus upon the field where I should be doing my best. Finally, I was immensely satisfied with the disciplined college-setting. It made me into a mature person adult.

Nikita Shrestha
Trinity Girl’s Topper, Grade XI Management

Looking for the Right College?

The Trinity prospectus made me immediately feel that this was the college I’d always looked for. Due to my excellent performance in the SLC and Trinity Entrance Examination, I was awarded a sustaining scholarship. I wish to be a Chartered Accountant so I chose Management. Many counselling and CA classes were run by this College which motivated me and finally helped in the pathway to the CA course. So, I am really thankful to the institution – the best educational platform for achieving educational and career goals.

Samir Tamang

Superlative Study Opportunities

Every student dreams for the best study opportunities. After SLC, all students search for an ideal college. Fortunately, I found Trinity: It proved to be the finest college for me and my friends. I got everything I wanted here. Its homely environment and friendly teachers made my stay thrilling. Truly speaking, I gave two years of my life to Trinity and in return I got a great future. No doubt I’m really proud to be a Trinitian . . .

Learn To Tackle Problems

Motivated to gain good education, I got that opportunity at Trinity. I got to know about the College from its fine website. Once there, I went through educative experiences and benefitted from the resources. Additionally, I learned how to solve problems logically. My interest is to read new books on interesting topics. Happily, our Library has nice books on various topics. This place prepared me for further studies in my favourite subject: Law. I’m confident of achieving my aim – to become a judicial officer.

Sachina Kshetri
Trinity Topper, Grade XII, Humanities

Inclusive & Sophisticated

Trinity is an inclusive college: A Marwari, I felt absolutely at home in this sophisticated institution. Everyone is treated fairly and with dignity. The College gave me quality education and confidence to pursue higher education anywhere. There were remarkable opportunities for varied interests or needs – in my case Information Technology. It gave me everything a good college should give to its students. My parents and I feel fully satisfied. Choose Trinity if you are really concerned about your future . . .

Disclaimer: Information about placements in the Newsletter has been collected from the students themselves, their parents or guardians, or other sources including social media.
The legacy of the College and excellence in performance are interwoven . . . We give the best possible to our students; Trinity students, in return, do their best! Their accomplishments in academics, ECAs or CCAs have often received the highest praise from men of the stature of the Prime Minister or Vice Chancellors and have taken them to famous places like Harvard or the London Olympics. All this bonds the Institution and its students strongly together. As time goes by, this link makes all of us prouder because of what all we achieve individually or as a Family of Achievers.
Continuing Accomplishments!
Aiming High...

Our students aim high and very often achieve much! No wonder that the Trinity logo has been to places that matter be it the London Olympics 2012 or Mount Everest. This is no small achievement for any College. Trinitians have been participating and winning in various contents or shows such as beauty pageants, basketball championships, TV quiz competitions, chess championships, the Physics Olympiad, Denmark, or sports events at Dasrath Stadium, Kathmandu. Just name the event – local, national, regional, or international – or the place where one isn’t likely to find Trinitians smiling as confident participants or happy winners.

Activities
- 10th Annapurna Inter-School Chess Tournament – Bijay Dangol – 1st Position June 6, 2014
- 1st Golden Gate Chess Competition – Bijay Dangol – 2nd Position June 15-18, 2014
- HISSAN Sports & ECA Week – Anjali Thapa & Nimisha Shrestha – Girls’ Doubles Table Tennis – 3rd Position February 18, 2015
